Art Unit: 2165

The following is a quotation of the second paragraph of 35 U.S.C. 112:

The specification shall conclude with one or more claims particularly pointing out and distinctly claiming the subject matter which the applicant regards as his invention.

Claims 1-44 are rejected under 35 U.S.C. 112, second paragraph, as being indefinite for failing to particularly point out and distinctly claim the subject matter which applicant regards as the invention.

Claim 1: Lines 8-9 call gathering information content in accordance with the work request, although previous portions of claim do not state that the work request has instructions that require gathering information. Lines 12-13 call for transmitting the work request regarding at least a portion of the information. It is not clear whether all or part of the work request is being transmitted.

Claim 11: Lines 7-8 call for an information content gathering module that gathers information content in accordance with the work request, although the work request is not previously defined as requiring the gathering of information. Lines 13-14 call for a work request transmitting module that transmits the work request regarding a portion of the information content. It is not clear whether all or part of the work request is being transmitted.

Claim 21: Lines 9-10 and 13-14 contain the same issues as described with respect to claim 1.

Claim 31: Lines 12-13 and 18-19 contain the same issues as described with respect to claim 1.

Claims 1-44 would be allowable if rewritten or amended to overcome the rejection(s) under 35 U.S.C. 112, 2nd paragraph, set forth in this Office action.

Art Unit: 2165

Remarks

Applicant's arguments are moot in light of the new grounds of rejection, necessitated by amendment. However, no prior art rejections are applied and claims 1-44 should become patentable upon submission of an appropriate amendment to clarify the above issues.

THIS ACTION IS MADE FINAL. Applicant is reminded of the extension of time policy as set forth in 37 CFR 1.136(a).

A shortened statutory period for reply to this final action is set to expire **THREE MONTHS** from the mailing date of this action. In the event a first reply is filed within **TWO MONTHS** of the mailing date of this final action and the advisory action is not mailed until after the end of the **THREE-MONTH** shortened statutory period, then the shortened statutory period will expire on the date the advisory action is mailed, and any extension fee pursuant to 37 CFR 1.136(a) will be calculated from the mailing date of the advisory action. In no event, however, will the statutory period for reply expire later than **SIX MONTHS** from the mailing date of this final action:
